Lunch Speaker

Mr. Peter Byck

Filmmaker

*Mr. Byck will discuss his film, Carbon Nation. Carbon Nation is a documentary movie about climate change SOLUTIONS. Even if you doubt the severity of the impact of climate change or just don't buy it at all, this is still a compelling and relevant film that illustrates how SOLUTIONS to climate change also address other social, economic and national security issues. You'll meet a host of entertaining and endearing characters along the way.*

CEU Panel Discussion

*To follow up Peter Byck's lunch presentation, a panel of design professionals, contractors, owners, and facility managers will discuss the impact of the built environment on climate change.*

**Come early for the Kentucky U.S. Green Building Council Program**

**9:00 a.m. - 10:00 a.m.** "Enhanced Commissioning, procuring the service. What to ask for and how to receive it." 1 AIA LU HSW SD credit

Candice B. Rogers, Presenter / MBA, CCP, CxA, LEED AP BD+C / President Paladin Engineers

As Energy and Atmosphere credits have become more critically important to LEED certification, Enhanced Commissioning EA Credit 3 has become a more important point to achieve. Choosing the right independent commissioning authority (CxA) to lead, review and oversee the completion of all commissioning activities is a critical decision. This seminar will present what to ask for in a CxA, how to work with an independent CxA, what it could entail in additional services, and in what format you should receive the information to achieve your LEED goals.

**10:00 a.m. - 11:00 a.m.** "Panel Discussion: Adoption of the International Green Construction Code (IgCC) in the state of Kentucky." 1 AIA LU HSW SD credit

Richard Polk, Moderator / 2011 AIA Kentucky President

Should the IgCC be adopted in the State of Kentucky? What impact it would have on you? Why we should adopt the IgCC!
